

**Connect to Any Store,
Any Time in Real Time**

The Managers App is the perfect solution for Store Managers, District Managers, and HQ personnel who want to communicate directly with their employees while not physically in the store.

At the touch of a button, our smartphone application provides mobile managers with easy access to Theatro's in-store capabilities to speak privately with store employees, leave messages, or make announcements on new products and company information all in real-time!

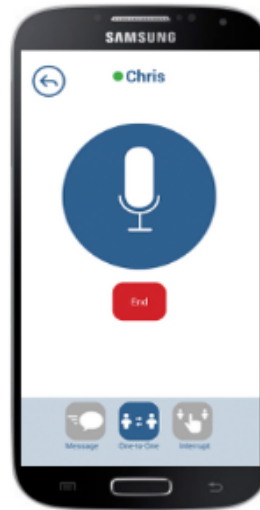

Participate

Tap into live broadcasts for any store while from home, the car, the district office, or anywhere on-the-go

Announcements

Quickly create live or recorded announcements to communicate with all store associates at a store, in a region, or nationwide

Communicate

Speak privately one-to-one with individuals or groups

Earbox

Listen to Messages & Announcements from your associates while on-the-go

Easy to Use - Simply Press & Go
